

## Hospitality Packages for Wales 2016 Rugby Autumn Internationals

Park House is an award winning modern Welsh restaurant & wine bar that was established in 2005. We are passionate about quality ingredients and seek to emphasise the wonderful aspects of our local Welsh nature. Our mission is to create dishes that involve texture, flavour and excitement whilst matching perfectly with our passion – wine.

Our food style is modern British and we focus on the best of British produce that is sourced from both the land and sea.

Park House Restaurant is housed in a stunning Gothic style mansion house located in the heart of Cardiff's old district. The property was built in 1874 by the wealthy Marquess of Bute, who commissioned the first of the great docks, which transformed the Cardiff from a sleepy town into a modern, prosperous city.

Call Bruce is the hub for high-end brands and their clients. We focus on creating and maintaining highly effective relationships for both brands and clients, delivering outstanding experiences and endorsements to our wide and diverse network.

## All Hospitality Packages include the following:
